St Luke's vs National Data

Additional Comments

What are our greatest strengths?

My child is always looking forward to school everyday and mentions at home how she loves her teachers.

Very friendly environment.

Small, inclusive and supportive school.

The school always keep the parents up to date about the activities in the school and I love the newsletter.

School has a good friendly atmosphere.

The school prioritises my child's well-being (mental & physical) as well as educational needs both during the school day and at ASC.

Academically strong, sense of community, caring.

My children love the school and they all feel special.

Open caring school.

High expectations for all the kids, no matter who they are or where they are from. I like the orderly atmosphere and the feeling that teachers set ambitions high for all the children.

Emphasis on values, virtues and displaying these in daily life.

The nurturing environment - the small size of the school means that every pupil is known and their strengths and weaknesses known.

Lots of different clubs - internal and external are offered.

Teachers. I believe that the teachers pay special attention to the concerns raised by the parents, especially pertaining to learning development.

All queries are considered and taken care of, I'm impressed with how efficient everything is dealt with and how caring staff are.

Lovely teachers; kind staff.

The opportunity to build confidence through drama and productions is a valuable experience.

Well structured and behaved children.

Great communication with the parents.

Nice teachers, my child feels well looked after, fosters love of learning.

A safe, orderly environment. I love that the teachers know every single child by name and greet them all at the gate every morning (this is really special).

Good behaviour amongst the children, creating a welcoming community, providing a good education.

Camaraderie, solidarity, community, discipline, friendliness, parental support and involvement.

It is wonderful how each child is known by the staff. It is a very safe and happy environment for a child.

St Luke's is a warm caring school community where each child is individually known. This gives children the strong secure base on which to grow. Both teaching and topics capture the children's imagination and enthusiasm. Children are encouraged to take personal responsibility from an early age and this produces confident, happy, well rounded and educated individuals. The greatest strengths of St Luke's - a clear vision for the development of all children executed thanks to great school leadership and excellent and caring teaching and support staff.

Additional Comments

What are our greatest strengths?

It is a small and caring school with a strong moral ethos. I am very happy that both my children have grown up within the St Luke's family.

Friendly, small community school and great teachers.

It's a small, cosy school, with friendly and approachable staff, everyone makes the effort to include parents and children and make them feel welcome.

Lots of different activities.

St Luke's is a very friendly school.

Very structured school, clear information dissemination to parents.

Giving new opportunities and providing a stimulating / challenging learning environment.

Close school community, dedicated leadership & teachers, well behaved, smartly dressed pupils.

Size, my child doesn't get "lost".

Small community feel, good integration across the school between all year groups, great teachers.

As a small school it is very personable, we feel a strong sense of community. We also like efforts put into performances that enhances confidence.

Ensuring everyone is treated equally and with respect.

The effort and personalisation put into the leavers assembly.

The wrap around care provided is a great asset to the school as is the number of internal and external clubs, all of which are greatly enjoyed.

St Luke's has a great community - parents, teachers and kids are inclusive and supportive of each other. We have been impressed by the older children who are very patient and engaging with the younger children.

Community, standards of conduct, friendliness, giving children responsibilities & pride in their roles, assemblies & productions, school trips.

Great sense of community. The level of education is outstanding.

Creating a happy, calm environment where the children feel excited to learn and comfortable to be themselves

Small community, good relationship between school and parents.

All the pupils are really helpful and caring. My son is in reception and he has made friends with lots of older children as well. I like the small community feel of the school.

Providing a strong community, understanding progress and what the next steps are.

The children are very well behaved and respectful.

Wider opportunities offered like trips, workshops, clubs, productions and seeing the enthusiasm of all the children when they're performing in assemblies and productions shows how much they enjoy it. The children are respectful, caring and well behaved.

Additional Comments

What could we improve?

I don't think so anything needs to be improved.

Tell us more about what they are studying more details in subjects.

More in house clubs and extra curriculars.

Increase income.

More clarity on syllabus offered to students from the start of the year.

For those children with a keen interest in sport, it would be great to increase the number of inter-school / borough sporting events. This would give them a taster of secondary school sporting teams.

Allow more able students in maths and science to be grouped and enjoy enhanced learning and challenges.

More homework please.

The frequency for parents to meet one-on-one with teachers to understand their child's progress could be increased, at least for higher grades (Y5 and Y6). Could also consider having a parent day, wherein we are invited to give a very short talk about our job/career. Though the children in primary school are still young to understand specific job professions, I believe that this can influence their development further.

I can't find any as the school really doing well.

More spaces for free clubs.

*More exercise and outdoor time.
Greater focus on wellbeing and mental health of the children.*

Website and apps.

More time with teachers to find out how children get on.

Could give each parent a short brief update each day, it's good to talk to teachers in person.

We have good updates on main subjects but it would be great if we have more information about other subjects too.

Sometimes I feel a little more notice could be given (booking clubs, parents evenings, outings etc...)

Difficult to say but if I had to say one thing it would probably be making school lunches more appealing.

More shade in the playground. Focus on climate and how everyone can make a change.

Consider martial arts as a PE module - most have ethos of discipline as well as teaching self defence.

More time given to touch base with parents.

Encouraging drinking of water.

I think it would be nice if the children could learn more about the work that the charities do on the charity donating days eg jeans for genes day.

Increase the amount of time teachers interact with the parents - increase the parents evenings to more than 10 minutes or add an additional parent evening.
