The welcome at the gates and kind headmaster. **New kitchen** is great too.

The children all **behave** so well, it is a **calm** and **polite environment** and always feels like a **happy space** when you go into the school.

Community spirit, productions and assemblies, the way older years **interact** with younger years.

It is a **loving** and **caring** environment and my children love going to school.

**Everything.** The staff are **lovely** and very good at recognising a child's individual ability and setting work to suit. It is a good size, the children feel **happy** and know everyone, it feels like a **family**.

Each pupil is loved for their individuality and pushed to their potential in a **supportive environment**. We love the school and know that it is the staff that make it a very **special place** for our children.

**Christian ethos**, the **caring** way the older children look out for the younger ones.

**Nurturing** environment.

The **Christian ethos**.

That my child is **motivated** to learn due to the teachers having the **right skills** to teach and **encourage**.

It's an **inclusive, supportive** school with an outstanding ethos.

It is a small school where everyone knows everyone and my child is **safe** and the teaching staff work very hard to ensure he has a **great rounded education**.

Class teachers are **excellent**, clearly doing a great job, thank you.

Children are at the heart of all that is done and the **curriculum** is **varied** and **engaging**.

# Key Themes – What could be improved at St Luke's

It would be nice to have the **AstroTurf** back or some **real grass** in part of the outdoor area.

More **funding!**

More **creative clubs.**

**Less sweets.**

**Nothing.**

More **exercise.**

More consistently **stretching homework** to suit different levels of ability.

Classrooms are very small for 30 children. Could be **more available area** in the class.

More options for **music lessons.**

I would like **more space** for the school - more **outside space** in particular.

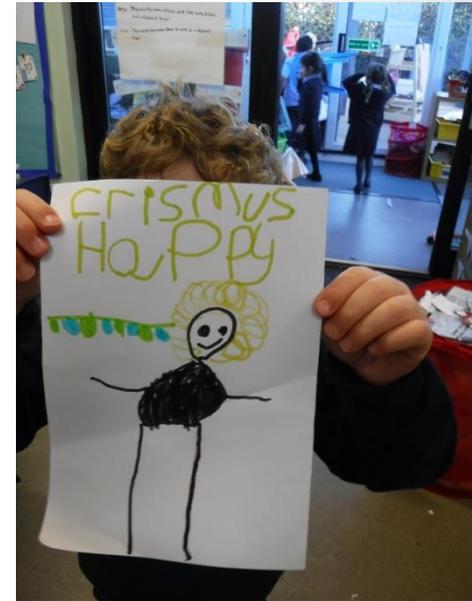

The **academic focus** is good, however I would welcome **even more.**

**St Luke's

St Luke's would be even better if...

we could do more interaction with other years, maybe reading more with younger years or doing an outdoor activity with another class.

St Luke's would be even better if...

Our trays under our desks, so we don't wonder around the classroom looking for things. I think we should have more kindness days.

St Luke's would be even better if...

WE had a apple tree.

There were more quiet spaces in the library to read in and also have a slightly bigger library. It would also be nice if we could have more sports on the compound.

KS2 had lockers and there were more seats at lunch so no one would wait.

The compound was a bit softer and if there was bigger netball hoops.

If we had 30 iPads so we wouldn't have to share have to share a small pool, more trees, all lessons done equally the same amount of every lesson.
